The Cold Call defined

The solicitation of business from potential customers who were not anticipating such an interaction. Cold calling is a technique where a sales person, technician or service person contacts individuals or businesses who have not previously expressed an interest in the product or services being offered.

Cold calling typically refers to phone calls but can also entail drop in visits, such as door to door.

The Cold Call defined by Grant Cardone

“The beast makes the cold call
while the excuse makers scream and cry.”

- Grant Cardone

Warm Call Defined

Warm calling refers to calling a prospect with whom you've had some prior connection between yourself and the prospect.

Warm calls could come from:

- Industry events
- Previous sales call
- Referral
- Appointment
- Internet lead
- Response to an ad

"Obscurity is the single biggest threat to your business – get everywhere!" - Grant Cardone

Warm Call Warning

I have personally made what was defined as warm call whom agreed to a solid appointment where the decision maker knew nothing about me or why I was there resulting in me having to handle this apparent warm call as a cold call.

“If you are in any doubt about the temperature of the call you are best to treat it as cold and start over.” Grant Cardone

Hot Call Defined

Prospect has called or raised hand and said,
"I want the product when can we schedule a time to show it to my people?"
